Strawberries & Cream Whoopie Pie Cookies

Ingredients needed:

1 packet D&Co. Kitchen Strawberries & Cream Dip Mix
2 8-ounce packages cream cheese, softened
1/4 cup whipped topping
1 15.25-ounce yellow or white cake mix
1/3 cup water
1/4 cup oil
1 egg

Directions:

Blend together Strawberries & Cream Dip Mix and cream cheese. Fold in whipped topping and chill at least 1 hour.

Meanwhile, mix cake mix, water, oil and eggs until smooth to create cookie dough. Chill dough before baking.*

Preheat oven to 350 F and line baking sheet with parchment paper. Use a 1-inch scoop to place chilled dough on baking sheet. (You may use a larger scoop if you prefer larger cookies.) Bake for 12-15 minutes or until done. Allow cookies to cool.

Spoon 2 tablespoons of the Strawberries & Cream Dip Mix on the flat side of the cookie. Place another cookie flat side down on top creating a sandwich.

**Chilling the dough before baking helps keep it from spreading too far on the baking sheet.*
